

## *Importing Personal Property Into Dominican Republic*

### **HOUSEHOLD GOODS AND PERSONAL EFFECTS**

#### **CUSTOMS REGULATIONS AND REQUIRED DOCUMENTS**

##### **Customs Regulations:**

Client must be present for Customs clearance to provide Customs Declaration, passport and other documentation showing intent to reside in the Dominican Republic and proving 2 years abroad.

Subject to physical examination by Customs Authority, Port Security and narcotics officer at port of entry. Once inspection is approved one can apply to the Department of Exoneration for clearance of the goods. Used household goods and personal effects are duty free provided goods have been owned and used by the customer for a minimum of two years. Returning Dominican citizens may be allowed a “one time exoneration” if they have lived abroad for a minimum of 2 years and have not visited the country for more than 180 accumulative days during the time abroad.

Only one shipment of household goods is allowed duty-free exemption. Duties and taxes are incurred on all new items.

All shipments without exception must pay demurrage charges after 14 days of the arrival of the shipment if shipment is not cleared within that time. Demurrage charges are approximately \$20.00USD per day.

## NOTES:

**Fumigation of Wood Packing Materials:** The Dominican Republic has adopted ISPM15 regulations for wood packaging material (WPM).

**Safety & Security:** US citizens are encouraged to enroll in the Smart Traveler Enrollment Program, to stay current with the latest safety and security announcements dispersed by the Embassy in your area. Your enrollment can also help the Department of State reach your family and friends in case of emergency.

U.S. citizens considering overland travel between the Dominican Republic and Haiti should first consult the [Country Specific Information Sheet](#) and the Travel Warning for Haiti as well as the Warden

Information page of the Internet site of the U.S. Embassy in Port-au-Prince for information about travel conditions in Haiti. Santo Domingo and the majority of tourist destinations within the Dominican Republic are located several hours from the Haitian border, and recent events in Haiti have generally not directly affected these areas. The U.S. Embassy cautions its staff to use extreme caution while in Haiti.

Other than official business, travel to Haiti for U.S. Embassy personnel is discouraged.

American citizens should be aware that foreigners are often considered attractive targets for criminal activity, and should maintain a low profile to avoid becoming victims of violence or crime. In dealing with local police, U.S. citizens should be aware that the standard of professionalism might vary. Police attempts to solicit bribes have been reported, as have incidents of police using excessive force.

**Health:** Dengue is endemic to the Dominican Republic; malaria risk is on the rise. Vaccination against typhoid and polio is recommended. Hepatitis A and B may occur, discuss with your physician regarding all vaccinations.

**Food & Drink:** All water should be considered contaminated and must be sterilized prior to use or consumption. Only eat well cooked meats, and all fruits should be peeled and vegetables cooked.

**Fumigation of Wood Packing Materials:** The Dominican Republic imposes ISPM15 regulations for wood packaging material (WPM). Goods will be returned to origin if WPM guidelines are not used.
