On the Pacific and Atlantic coasts, boaters should be wary of vessels that may be transporting narcotics, illicit materials, and illegal immigrants to and from Colombia. Bales and specially wrapped packages containing narcotics have been found floating in the ocean or lying on remote beaches. Boaters and beachgoers are warned to steer clear of these items, to not pick up or move these packages and to immediately report their location to the Panamanian authorities.

**Currency**: the US dollar is the paper currency of Panama, also referred to as the Panama Balboa. Panama mints its own coinage, though U.S. coins are also accepted.
