NOTES:

Fumigation of Wood Packing Materials: As of this posting Romania does not impose ISPM15 regulations for wood packaging material (WPM).

Visa information: The Government of Romania is enforcing visa regulations more vigorously than in the past and a record of visa overstay can result in the assessment of large fines, temporary denial of permission to leave Romania, and the denial of future entry into Romania without a visa for a specified time. Visit the [Embassy of Romania](#) website for the most current visa information.

Foreigners are required to carry identification documents at all times in Romania. U.S. citizens who obtain a temporary or permanent stay permit must be able to present this document at the request of the

appropriate Romanian authorities. Foreigners who do not have a stay permit should present their passports. The U.S. Embassy recommends carrying a photocopy of relevant identification documents at all times.

Crime: Credit card and Internet fraud remain among the most common crimes affecting foreigners in Romania. Money exchange schemes targeting foreigners are common. Some of these ploys have become sophisticated, involving individuals posing as plainclothes policemen, who approach the potential victim, flash a badge, and ask for the victim's passport and wallet. In many of these cases, the thieves succeed in obtaining passports, credit cards, and other personal documents.

The U.S Embassy has received reports of bar/night club scams. These scams involve unsuspecting patrons being charged exorbitant prices when they receive their bar bills. Another scam involves patrons of "adult" establishments who are charged for the female worker's drinks or time while talking to the customers. Because clubs frequently are fronts for organized crime, the U.S. Embassy recommends avoiding these establishments.

Health: Hepatitis A and tuberculosis occur and hepatitis B is endemic. Rare West Nile Fever outbreaks have been reported in the southeast. Brucellosis occurs sporadically although risk to the travelers is low. Stray dogs may carry African Typhus disease.
